

DUAL SPORTS 2025

SOBRE NÓS

ABOUT US

A CROSSPRO, fundada em 2005, é uma empresa que se dedica ao fabrico de proteções e acessórios para o segmento de veículos de 2 e 4 rodas.

A paixão pela modalidade, a noção das exigências pela prática do desporto e o bom conhecimento de mecânica dos seus fundadores posicionaram a CROSSPRO neste segmento de mercado, marca que rapidamente ganha na Europa reconhecimento e reputação, fruto do trabalho e especial cuidado com a qualidade obtida na produção e desenvolvimento dos seus produtos.

A constante procura por novas e inovadoras soluções permitiram expandir para outros mercados e atualmente assegurar a presença da marca a nível mundial.

Todo o processo produtivo é feito na unidade fabril com sede em Portugal e com recurso a mão de obra especializada, matéria prima da mais alta qualidade e tecnologia de ponta.

CROSSPRO, founded in 2005, is a company dedicated to the manufacture of protections and accessories for the 2 and 4 wheel vehicle segment.

The passion for motorized sport and the notion of its demands, through the practice of this sport, combined with the good mechanical knowledge of its founders, positioned CROSSPRO in this market segment. A brand that quickly gains recognition and reputation in Europe, the result of hard work and the special care taken with the quality obtained in the production and development of its products.

The constant search for new and innovative solutions made it possible to expand to other markets and currently ensure the brand's presence worldwide.

The entire production process is carried out in the factory located in Portugal, using specialized labor, the highest quality raw materials and cutting-edge technology.

SOBRE OS NOSSOS PRODUTOS

Os nossos produtos são submetidos a um rigoroso controlo de qualidade e testados em condições extremas, sendo adequados desde o utilizador convencional até ao utilizador profissional de alta competição. Garantem, portanto, uma máxima performance.

A aposta numa melhoria contínua, quer seja pela exigência das novas tendências de mercado, quer pelas necessidades dos nossos clientes, é um fator que nos distingue.

Temos como preocupação as necessidades dos nossos clientes, estando sempre atentos ao seu feedback, procurando antecipar e ajustar a nossa gama de produtos.

A mudança de instalações em 2017, agora com 5000m2 de área coberta, aliada a um forte investimento estratégico em nova maquinaria, tais como corte a laser, célula de solda robotizada, máquina de lixar por planos, unidade de pintura eletrostática, máquina de dobrar tubo CNC, entre outras, bem como o know-how adquirido, projetou a entrada da CROSSPRO para novas áreas de negócio, com novas parcerias e novos desafios, alargando as suas valências no sector metalomecânico para variados tipos de produtos.

CROSSPRO é sinónimo de qualidade e fiabilidade.

ABOUT OUR PRODUCTS

Our products are subjected to strict quality control and tested under extreme conditions, being suitable from the conventional user to the professional user of high competition. Therefore, they guarantee maximum performance.

The commitment to continuous improvement, whether due to the demands of new market trends or the needs of our customers, is a factor that distinguishes us.

Our main concern is the customer's needs, we are always in communication and attentive to their feedback, seeking to anticipate and adjust our product range.

The change of facilities in 2017, now with 5000m2 of covered area, combined with a strong strategic investment in new machinery, such as a laser cutting unit, robotic welding cell unit, flat sanding machine, electrostatic painting unit, CNC tube bending, among others, as well as the team's know-how, projected CROSSPRO's entry into new business areas, with new partnerships and new challenges, expanding its valences in the metalworking sector to various types of products.

CROSSPRO is, for all these reasons, synonymous of Quality and Reliability.

CROSSPRO é sinónimo de qualidade e fiabilidade.

EQUIP YOUR DREAM MOTORCYCLE!

A CROSSPRO, sempre atenta às tendências, acompanha o crescimento do segmento Dual Sports e desenvolve Proteções de Carenagem completas e Proteções de Motor, duas das zonas mais críticas da moto a ter em conta. São produzidas com matérias-primas da mais alta qualidade que marcam a diferença, oferecem vantagens como:

- Peso reduzido, maior leveza logo menos consumo e uma maior performance;
- Menos desgaste da moto ao proteger zonas sensíveis;
- Personalização, com oferta de um leque variado de cores disponíveis para ir de encontro ao gosto do cliente;
- As matérias-primas atendem à sensibilidade para as questões ambientais por serem reutilizáveis.

Além das proteções referidas, a CROSSPRO desenvolveu uma linha de acessórios que combinam o alumínio com o aço inoxidável, para zonas mais expostas e sensíveis da moto, com um design simples e inovador, sempre com a preocupação de garantir uma máxima proteção.

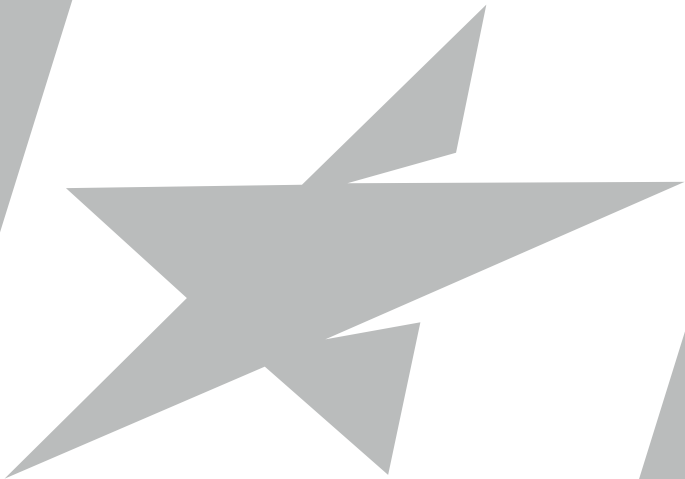

CROSSPRO, always focused on market trends, observes the growth of the Dual Sports segment and has developed, among others, full fairing protections and engine protections, two of the most critical areas of the bike to take into account. They are produced in aluminium, a high-resistance raw material that make a difference, offer advantages such as:

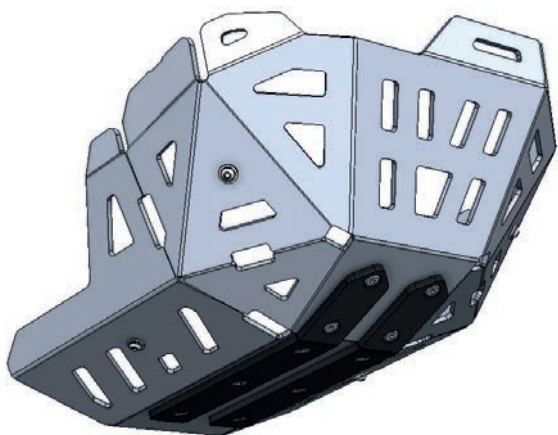

- Reduced weight, greater lightness, therefore less consumption and greater performance;
- Less motorcycle wear by protecting sensitive areas;
- Personalization, offering a wide range of colors available, meeting the customer's taste;
- Aluminium itself, which meets sensitivity to environmental.

CROSSPRO has developed and has available a line of accessories that combine aluminum with stainless steel, for other more exposed and sensitive areas of the motorcycle, with a simple and innovative design, always with the aim of guaranteeing maximum protection.

CATEGORIA DE PRODUTOS

PRODUCT CATEGORY

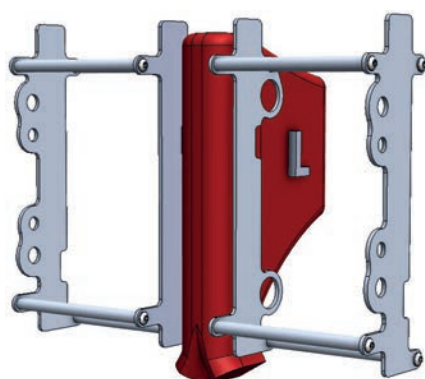

ALUMINUM ENGINE GUARD

2CP090

Provides extra protection against rocks and ground contact. The high-quality aluminum engine guard is perfect for off-road use and also offers added safety with a customized look for street riding. Made with cutting-edge technology, ensures a perfect fit, added stability and protection. Installation is easy, using the bike's original mounting points, with no modifications required.

- Specifically designed for each motorcycle model for a perfect fit;
- Mounting hardware included;
- Durable design made from high-quality aluminum alloy, 4mm thick;

ALUMINUM RADIATOR GUARD

2CP210

CrossPro radiator guards are specially designed to protect your bike's cooling system, which is one of the most delicate and vital parts.

They don't block airflow, thanks to the unique 'radiator roll cage' design that creates a protective perimeter around the radiator.

This means the attachment points don't touch the radiator directly, keeping it safe from strong impacts.

Made from high-quality 3mm thick aluminum, these guards offer reliable protection

ALUMINUM CRASH BAR

2CP197

CROSSPRO crash bars offer extra security for the fuel tank, fairing and other components.

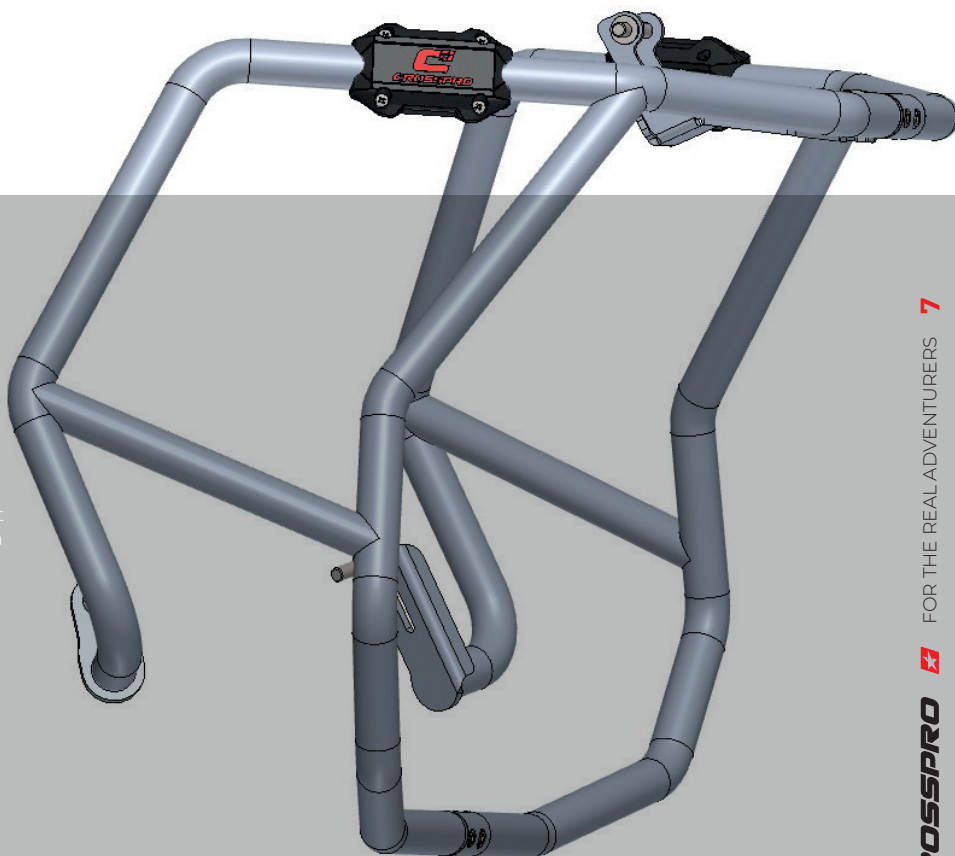

Designed specifically for adventure bikes, these bars adapt perfectly to the bike lines and also offer ideal clearance when cornering.

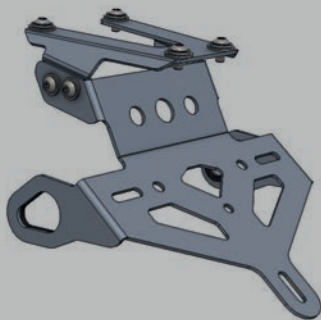

The specific mounting systems included guarantee reliable and easy installation on the bike's original mounting points.

Also crash bars are subjected to a heat treatment process during manufacture, which gives them even greater hardness.

After tests carried out in a specialized technical laboratory, the results are surprising: they have increased impact resistance by around 40% more! Lightness and strength combined!

- High quality aluminum alloy, 3 mm thick and a 25 mm diameter tube
- Weather and corrosion resistant
- Efficient protection for essential bike components
- Innovative design, developed specifically for each model, gives a precise fit and a secure attachment to the frame
- Simple installation, bolted to the frame's factory mounting points

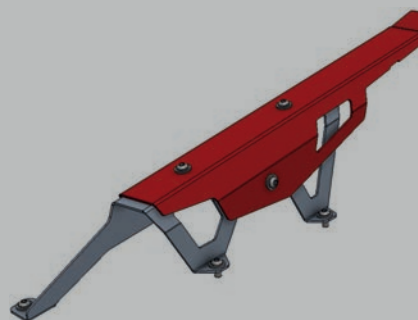

LICENSE PLATE SUPPORT

2CP207

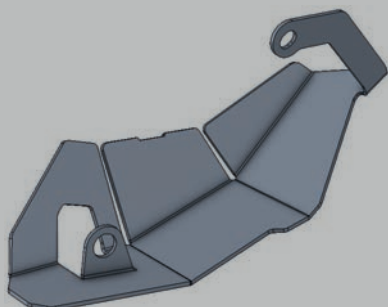

- Made of stainless steel
- Easy to install
- Simple maintenance
- High strength
- Available in multiple colors

CHAIN GUARD

2CP214

CROSSPRO chain guard is a high-quality option to replace the original plastic chain guard. It is built to improve security, making it stronger and more durable than the original. Made from stainless steel and aluminum, it's still lightweight. It's easy to install on your own and simple to maintain. You can also mix and match colors to make it your own.

PARKING BRAKE GUARD

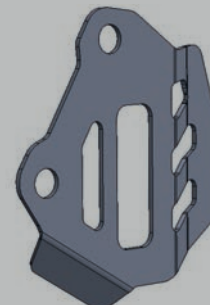

2CP216

Made from laser-cut stainless steel, the brake fluid reservoir guard effectively prevents damage and undesired access to the reservoir lid, yet allowing easily see the fluid level, controlling the necessary maintenance. The protection is mounted using the existing mounting point. Available in different colours.

BRAKE CALLIPER GUARD

2CP217

- Protects the callipers against damage
- Made in Stainless Steel
- Easy to install
- Rust-proof with simple maintenance
- Available in different colours

CHAIN GUARD FIN

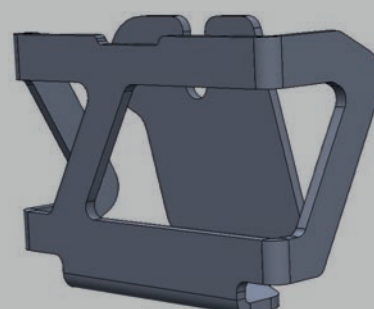

2CP215

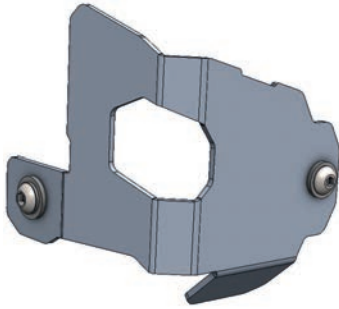

This lower protection it's a combination of aluminium/stainless steel, secure your chain guard preventing branches and other objects from knocking the chain of the drive sprocket. The chain guard fin is stronger than the original plastic item! Existing fixation points can be used, which makes this chain guard easy to mount at your home. Available in different colours.

REAR BRAKE FLUID RESERVOIR GUARD

2CP218

Made from laser-cut stainless steel, the brake fluid reservoir guard effectively prevents damage and undesired access to the reservoir lid, yet allowing easily see the fluid level, controlling the necessary maintenance. The protection is mounted using the existing mounting point. Available in different colours.

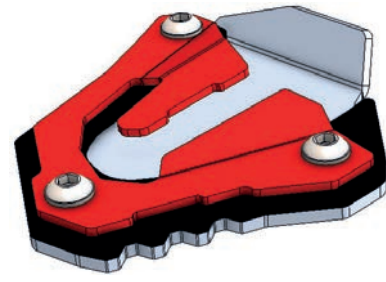

DUAL CLUTCH TRANSMISSION (DCT)

2CP219

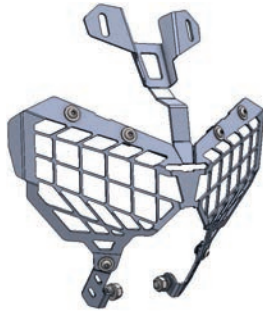

Protects the Dual Clutch Transmission against damage. The stainless steel protection is simple to install, rust-proof with simple maintenance.

SIDE STAND BASE EXTENTION

2CP220

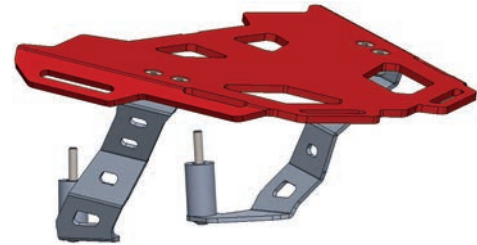

Combines stainless steel and aluminum increase the area of supporting the bike. Gives more stability in different types of grounds when using the rest. Easy to install. Available in different colours.

HEAD LIGHT PROTECTOR

2CP221

Stainless steel head light protector was design to maximize the protection and at the same time beautify your motorcycle. Easy to install. Available in different colours

LUGGAGE RACK

2CP222

CROSSPRO luggage rack, optimizes storage, a comfortable solution for the back of the bike. Made from 4 mm thick aluminum and precision laser-cut. It fits perfectly on the bike, with a design that includes numerous recesses and slots for straps, providing a variety of lashing options and excellent airflow. Quick and easy to assemble

RADIATOR GUARD

2CP227

Protects the radiator from stones being thrown up from the ground. Laser-cut stainless steel, does not affect the radiator function. The radiator cover can cause the engine to overheat under extreme conditions with high outside temperatures and an extreme engine load.

DTC SKIDPLATE

2CP124

Tested in hostile conditions, this skidplates offer the best protection for the engine and frame of your bike in hard tracks. Produced in best quality DTC with 8mm thickness without welds, they're 40% lighter comparing with aluminum. They are more resistant to impact and doesn't cause vibrations. Reinforced with 6mm stripes below to overcome easily obstacles. Available in different colors (Blue, Red and Black).

A close-up, low-angle shot of a red Gasgas ES 700 motorcycle. The image is dark and moody, with the red bodywork and black frame being the primary colors. The front wheel, handlebars, and engine components are visible. The Gasgas logo is on the side panel. In the top right corner, there are four small red dots.

H-PRO
by CROSSPRO

PROTEÇÃO DE MOTOR DTC H-PRO

2CP1240091

A CROSSPRO está sempre focada para que o design, inovação e a proteção andem de mãos dadas.

Com o desenvolvimento da Protecção H-PRO, destinada às motos de Trail, a CROSSPRO procura com mais este novo produto corresponder às expectativas, satisfação e exigência dos clientes.

Desenvolveu-se uma protecção que pode ser usada tanto em estrada como em situações mais enduristas.

Ao ser fabricada em DTC de 8 mm, permite resistir a um uso mais intensivo em Todo-o-terreno contando para tal com a incorporação da protecção de link; confere assim uma protecção eficaz quer na sua utilização citadina quer em situações mais Adventure.

A sua leveza confere igualmente um ganho considerável no que ao peso diz respeito, tornando a moto mais leve e consequentemente ágil, a protecção H-Pro tem ainda a capacidade de absorver os impactos sofridos.

Produzido em material reciclável, torna-se numa opção mais sustentável.

Uma verdadeira protecção, para quem gosta de ter a sua moto protegida tanto em estrada como em situações de maior aventura.

DTC H-PRO SKID PLATE

2CP1240091

CROSSPRO, always focused on combining design, innovation and protection of new products creation, and this was more one product with these arguments.

With the development of the new DTC H-PRO skid plate series, for trail bikes, CROSSPRO seeks with this new product to meet customer expectations, satisfaction and demands.

That protection can be used on the road and in enduro situations.

Being manufactured in 8 mm DTC, it can withstand more intensive off-road use with the incorporation of link protection; providing effective protection when used in the city or in more adventurous situations.

Its lightness also provides a considerable gain in terms of weight, making the bike lighter and consequently more agile, the H-PRO protection also has the capacity to absorb impacts suffered.

Produced in Recyclable material, making it a more sustainable option.

A real must have part for those who like bikes protected on-road and off-road.

page 239

A close-up, low-angle shot of a motorcycle's front end, focusing on the headlight and fairing. The image is dark and moody, with the motorcycle's components appearing in silhouette against a lighter background. The headlight is prominent in the foreground, and the fairing features a honeycomb mesh pattern. The overall aesthetic is rugged and adventurous.

DTC HARD SKID PLATE

2CP1240055 **only Euro 4**

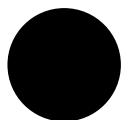

Tested in hostile conditions, this skidplates offer the best protection for the engine and frame of your bike in hard tracks. Produced in best quality DTC with 8mm thickness without welds, they're 40% lighter comparing with aluminum. They're more resistant to impact and cause no vibrations. Reinforced with 6mm stripes below to overcome easily obstacles. Available in different colors (Blue, Red and Black).

PROTEÇÃO DE MOTOR DTC HARD

2CP1240055 **only Euro 4**

Testado em condições hostis, estas proteções de motor oferecem a melhor protecção para o motor e quadro da sua moto em terrenos acidentados. Produzido em DTC da melhor qualidade com espessura de 8mm e sem solda, estas proteções de motor são 40% mais leves que o alumínio. Sendo proteções muito mais resistentes ao impacto têm a vantagem inequívoca de não quebrar assim com não causar vibrações. Reforço de 6mm em DTC para ultrapassar mais facilmente os obstáculos. Disponível em diferentes cores (Azul, Vermelho e Preto).

NEW

COMING SOON

H-PRO
by CROSSPRO

DTC H-PRO SKID PLATE

2CP1240072 **only Euro 5**

CROSSPRO, always focused on combining design, innovation and protection of new products creation, and this was more one product with these arguments.

With the development of the new DTC H-PRO skid plate series, for trail bikes, CROSSPRO seeks with this new product to meet customer expectations, satisfaction and demands.

That protection can be used on the road and in enduro situations.

Being manufactured in 8 mm DTC, it can withstand more intensive off-road use with the incorporation of link protection; providing effective protection when used in the city or in more adventurous situations.

Its lightness also provides a considerable gain in terms of weight, making the bike lighter and consequently more agile, the H-PRO protection also has the capacity to absorb impacts suffered. Produced in Recyclable material, making it a more sustainable option.

A real must have part for those who like bikes protected on-road and off-road.

PROTEÇÃO DE MOTOR DTC H-PRO

2CP1240072 **only Euro 5**

A CROSSPRO está sempre focada para que o design, inovação e a proteção andem de mãos dadas.

Com o desenvolvimento da Protecção H-PRO, destinada às motos de Trail, a CROSSPRO procura com mais este novo produto corresponder às expectativas, satisfação e exigência dos clientes.

Desenvolveu-se uma protecção que pode ser usada tanto em estrada como em situações mais enduristas.

Ao ser fabricada em DTC de 8 mm, permite resistir a um uso mais intensivo em Todo-o-terreno contando para tal com a incorporação da protecção de link; confere assim uma protecção eficaz quer na sua utilização citadina quer em situações mais Adventure.

A sua leveza confere igualmente um ganho considerável no que ao peso diz respeito, tornando a moto mais leve e consequentemente ágil, a protecção H-Pro tem ainda a capacidade de absorver os impactos sofridos.

Produzido em material reciclável, torna-se numa opção mais sustentável.

Uma verdadeira protecção, para quem gosta de ter a sua moto protegida tanto em estrada como em situações de maior aventura.

POWDER PAINTS."***

PROCESSO DE PINTURA ELETROSTÁTICA

ELECTROSTATIC PAINT PROCESS

A PINTURA É REALIZADA POR LACAGEM, QUE CONSISTE NUM PROCESSO DE PINTURA ELETROSTÁTICO EXECUTADO COM TINTAS EM PÓ.

ESTE PROCESSO, BEM COMO O TRATAMENTO A QUE AS PEÇAS SÃO SUJEITAS, REFORÇA A PROTEÇÃO ANTICORROSIVA E MAXIMIZA A ADERÊNCIA E DURAÇÃO DA TINTA.

NO NOSSO PROCESSO DE LACAGEM DISPOMOS DE 9 CORES DIFERENTES PARA AS SUAS PROTEÇÕES.

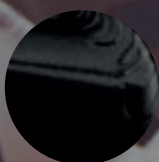

UM PROCESSO SIMPLES, EFICAZ E RESISTENTE.

THE PAINTING IS CARRIED OUT BY THE LACQUERING METHOD, WHICH CONSISTS OF AN ELECTROSTATIC PAINTING PROCESS PERFORMED WITH POWDER PRINTS.

THIS PROCESS, TOGETHER WITH A FINAL TREATMENT TECHNIQUE APPLIED TO THE PIECES, REINFORCES THE ANTI-CORROSION PROTECTION AND MAXIMIZES THE PAINT ADHESION AND DURATION.

WITH THIS LACQUERING PROCESS WE HAVE 9 DIFFERENT COLORS FOR THE PROTECTIONS.

A SIMPLE, EFFECTIVE AND RESISTANT PROCESS.
